## "I WANT TO GO TO MY BABY"

WERE THE PATHETIC WORDS OF MRS. KENDALL AFTER HER ATTEMPTING SUICIDE.

### IN ENGLISH KITCHEN

Buried Her Beautiful Little Daughter Over a Week Ago—Takes Chloroform, After Asking Waiter to Bring a Baby's High Chair to the Box—A Heart Breaking With Grief.

Bisbee has had a number of attempted suicides, and a number that were successfully carried out, but never has Bisbee had an attempt suicide where the circumstances were so pathetic as those involved with the almost successful carrying out of self destruction made last evening by Mrs. B. C. Kendall. Only a little over a week ago the Review contained the announcement that the little daughter of the woman had died and her little remains carried to the tomb. Immediately, or very shortly after she had said goodbye to the little form in the casket, the mother was found with a revolver in her hands, and it required strong hands to take away the deadly weapon with which she evidently at that time intended should wipe out forever in this life the remembrance of her dead babe. The child was one of the most beautiful given to a parent, and so attached was the mother that only visions of the curly locks and blue eyes came to eyes that welled up with tears. Though the hours of the glistering sun, and in the dark hours of the night echoed the voice which had prattled at the mother's side, and that mother wanted to go to her baby. However, she shone the light of day, and the clouds appeared for her.

Last night Mrs. Kendall made a desperate attempt to end her life by taking chloroform while seated in one of the boxes at the English Kitchen. She came into the case at about 9 o'clock, entered a box, and ordered an elaborate supper from one of the waiters. He noticed she had a bottle with a brown liquid in it, which she placed on the table. She then rang the bell, and when it was answered she asked for a whiskey glass. At the time she ordered the supper she said to the waiter: "I have a strange request to make, and I hope you will not laugh: will you bring the high chair used for the babies?" The waiter at once brought the chair and placed it beside her, and left to bring her owner, which was then about ready. When he brought the supper to the box he found Mrs. Kendall with her head in the babies' chair, and unconscious, the bottle open on the table, and a strong odor of chloroform filling the box. He then tried to arouse her. His efforts were unavailing, and he at once went out into the public dining room, and told L. A. Brown, the proprietor, what had happened. Mr. Brown went into the box, and seeing the condition of the woman, immediately went in search of a doctor. He found Dr. Caven at the fire house attending a council meeting. Dr. Caven found the woman in a dazed condition, struggling with the waiter, and trying to get the bottle

## City Council Approves Bonds

BEING MADE IN DUE FORM AND APPROVED BY CITY ATTORNEY SUTTER.

The Aldermen Accept the Sureties of Marshal Snodgrass and City Clerk Hicks—They Are Immediately Sworn In—Books to Be Audited by Expert. Council Handles Other Matters.

Owing to the absence of City Attorney Sutter in Tombstone on Tuesday evening, no meeting of the Council was held, but last evening the Board of Aldermen met, with Mayor Taylor in the chair, and the City Attorney present. The first business of the meeting was the statement of the city's legal advisor that he had examined the bonds of City Marshal-elect Snodgrass and City Clerk-elect Hicks, and they were made in due form, and as far as their legal form were properly made. The Council at once received and accepted them, when the two officers were sworn in.

The committee appointed at the last meeting to have the books of the old Council audited reported that they had secured a man who would do the work at once, and named T. P. Connelly. Mr. Connelly was present and said that he would do the work for \$75. The Council voted to give him the work at that figure, and fifteen days to complete the examination.

The committee appointed to receive the city property from the city scavenger reported that they had turned the city's property over to the new man, and had taken his receipt for it.

City Attorney Sutter called attention of the Council to the fact that under the Dubacher building there was a pool of stagnant and filthy water that was a danger to the health of the community.

This matter was referred to the sanitary committee, who will take steps to abate the nuisance.

After a discussion about the condition of some of the alleys and streets, and the best way to get them thoroughly cleaned, the Council adjourned.

## IT CAN HARDLY BE OTHER THAN CLASS LEGISLATION

BILL FOR PROTECTION OF PRESIDENT OF UNITED STATES IS MISLEADING—BILL LEADS TO CABINET OFFICERS AMBASSADORS AND MINISTERS.

Washington, April 13.—A minor report on the bill introduced by Senator Hoar to provide for the protection of the president of the United States was submitted by Senator Bacon, from the committee on the judiciary. It states that the title is misleading and tends naturally to enlist the sympathy of all Americans and secure a support which the bill would not receive if it were generally known that its provisions are extended to all of the cabinet officers and all foreign ambassadors and ministers to the United States. The purpose of the bill, the report said, is to set aside these men as a separate class, entitled to a higher degree of protection than other officials, citizens and inhabitants of the United States. The minority members of the committee said they yield to none in their desire to protect the president and

## DULL MARKET AWFUL HAVOC IT WAS SURE ON U. S. S. MISSOURI

THE SAME CONDITION PREVAILED IN THE COPPER COUNTRY AS IT DID HERE. TWO THOUSAND POUNDS OF POWDER EXPLODES ON BOARD THE BIG BATTLESHIP.

### BUT LITTLE TRADING KILLING TWENTY-NINE

And Frequenters of the Market Took Needed Rest—Demand for C. & A. and L. S. & P. Continued, But Only for Small Lots—Action Looked for in P. & D.

(Reported, and Stock Quotations Furnished by Frank J. Graf.)  
Market dull. This has been a dull day with the Bonanza all over the country, local as well as the Copper country. There was no trading done so amount to anything. These days come around about once in so often, and you could not sell \$20 gold pieces for \$19.

These days do not last, and are the best thing in the world for the market, giving the public a little time to rest.

C. & A., L. S. & P. and Junction were in demand, but only in small lots, with the exception of Junction.

P. & D., owing to the call payable on the 15th, is apparently to be hammered by parties that are desirous of gathering in this stock, either as a speculation or as an investment, and holding the stock to get the benefit derived from the formation of a mining company. Some time ago we suggested that you get some L. S. & P. If you have not, you may regret it before long. We wish to call attention of the investor to the following regarding the L. S. & P. The Development Company is to be organized into a mining company on the first day of June, 1904, on the following basis: "For each share of Development stock you will get two and one-half shares of mining stock, and have the privilege of buying three and one-fourth shares at the par value of \$10 per share. The capital stock of the Mining Co. will be \$3,000,000, and divided into 300,000 shares at a par value of \$10 per share. Those having the privilege of buying stock, will have to pay the full price of the stock upon application for the same."

## FRANK LAINE, A CLIFTON LAWYER, WAS SHOT AND KILLED

\*\*\*\*\*  
WELL KNOWN AND PROMINENT ATTORNEY OF GRAHAM COUNTY, AND PRACTICING IN CLIFTON, SHOT DOWN BY WILLIAM CHILDERS—LAINE ARRESTED SEVERAL WEEKS AGO FOR ASSAULT ON MRS. CHILDERS.  
(Special to Review)

Clifton, Ariz., April 13.—Frank M. Laine was shot and killed this afternoon by Wm. Childers. Laine was arrested several weeks ago on a warrant charging him with assault on the person of Mrs. Childers, and was bound over to await the action of the grand jury.

The grand jury adjourned Saturday last without finding an indictment against Laine. When the men met, today trouble came.

It is said that Childers used a Winchester, firing two shots. Laine fell with his pistol at full cock and expired instantly. Childers surrendered to the officers. Laine leaves a wife and several small children.

\*\*\*\*\*  
ADMIRAL MAKAROFF.  
Admiral Makaroff, known and acknowledged to be one of the most daring and intrepid commanders in the Russian Navy. The Admiral was in command of the Russian Battleship Petropavlovsk, and was a Vice Admiral in command of the Navy in the Far East. His tragic death yesterday has cast a gloom throughout all Russia.

## WHAT ELSE COULD BE EXPECTED FROM NEW MEXICO BRITISH TORPEDO BOAT SUNK IN HARBOR AT PORTSMOUTH

THE TERRITORIAL CONVENTION MEETS AND SELECTS DELEGATES TO ST. LOUIS—DELEGATES EXCITED TO "DAFFINNESS" OVER CANDIDACY OF HEARST.

Denver, April 13.—A special to the News from Silver City, N. M., says: "The Democratic territorial convention met here this afternoon to select delegates to the National convention at St. Louis. Antonio Joseph, of Rio Arriba county, was chosen temporary chairman, and A. B. Ronehan, of Santa Fe, temporary secretary. The delegates were roused to the highest pitch of enthusiasm by reading the list of the different Democratic state conventions in New England and the South that have endorsed William B. Hearst's candidacy for President, and the indications are that Hearst will have the New Mexico delegation to the National convention."

St. Petersburg, April 13.—The Japanese bombardment of Port Arthur, which has been threatened for a week, took place this morning. It was most furious, and the Japanese attack was the most daring yet made.

The Russian fleet, under Admiral Makaroff, returned the fire, and the Admiral, with his usual intrepidity, engaged the hostile ships. During the engagement the battleship Petropavlovsk encountered a Japanese mine and sunk, drowning Admiral Makaroff and 700 men.

Makaroff Great Strategist.  
London, April 13.—The Japanese legation tonight had no official information in regard to the fighting today off Port Arthur. Baron Hayashi, Japanese minister, said, "Vice Admiral Makaroff's death was an exceedingly dramatic occurrence," and he paid a high tribute to the late Admiral as a great strategist and tactician, and said he

## EX-STATE SENATOR DEAD. Sheriff Corbett Tries Serve Writs

Little Falls, N. Y., April 13.—Former State Senator Titus Sheard, one of the best known woolen manufacturers in this country, died today aged 64 years.

The Assault on W. G. Greene Explained by A. C. Bernard

Mr. A. C. Bernard, who is close to Wm. C. Greene, and familiar with his personal affairs and business enterprises, was asked by a Citizen reporter today regarding the attack made on Mr. Greene in New York by Saturday by James W. Goodman. Mr. Bernard said he knows Goodman well, and believed that he was cranky and felt certain that he was laboring under a misapprehension.

"It is against Willis P. Harlow that Goodman has a grievance, if he has against anybody, said Mr. Bernard. Goodman and Harlow had some dealings when the Yaqui Copper company was organized. At the beginning of that enterprise, Greene helped Harlow and became a member of the directory of his company. Later Mr. Greene withdrew from the directory of the Yaqui company, and for a long time has had no interest in it, and nothing to do with it. Goodman, I understand, claims Harlow did not keep his promises made to him, and he wants Greene to make good Harlow's alleged deficiencies. As Greene has nothing to do with Harlow or his enterprise, and never had anything to do with Goodman, the demands of the latter are absurd."

Corbett was met at the station by General Bell, Capt. Wells and Sheriff Rutan, of San Miguel county, and who asked his mission. Upon stating that he came to Telluride to serve writs of attachment upon Bell and Wells for contempt of the District Court of Ouray county, he was told in emphatic terms he could not serve the writs, and must make no effort to do so.
